Emissions reduction targets

The organisation is committed to achieving Net Zero emissions by 2050 at the latest. We will keep this date under review, bringing it forward if possible as our carbon reduction plans develop.

Carbon Reduction Projects

Completed Carbon Reduction Initiatives

The following environmental management measures and projects have been completed:

- The organisation achieved Green Small Business Certification in March 2025, having developed an environmental policy and comprehensive action plan addressing all of the significant environmental impacts of the business.
- Business travel has been reduced through use of video-conferencing.
- A waste management plan has been developed and is routinely implemented.
- LED lighting has been installed.
- PIR light switching has been installed in communal areas.

Planned Carbon Reduction Initiatives

Our environmental action plan commits us to the implementation of further measures which we anticipate will reduce the carbon intensity of the business, such as:

- Exploring options for further energy efficiency improvements to our premises.
- Exploring feasibility for installation of solar PV.
